Mobile WMS from Tasklet Factory

Optimize Warehouse Processes with a mobile WMS solution for Microsoft Dynamics NAV.

Mobile WMS from Tasklet Factory supports the work processes in the warehouse and integrates to the standard functions of Dynamics NAV.

It features a stunning graphical user interface that is easy to use and can be configured to fit the needs of the individual user. Your warehouse employees will be more efficient and make fewer mistakes as Mobile WMS provides the tools and information needed to work effectively.

Installation and support of the solution is easy as it is directly integrated with the standard features of Dynamics NAV.

The Mobile WMS solution is supported on all Dynamics NAV solutions from version 3.60 and up.
